LANDSCAPE REQUESTS

If you have a landscape concern, request and/or inquiry, please contact Facilities Manager, Larissa Rounsaville at lrounsaville@keystonepacific.com or (949) 838-3293 so a work order may be submitted to Villa Park Landscape. If the work order is part of the maintenance service contract, all work will be done immediately. If the work order is above the inclusions of the maintenance service contract, work orders are reviewed at the monthly landscape meetings by the Landscape Committee, as well as, Villa Park Landscape. The landscape committee recommendations are discussed & approved by the Board of Directors at their monthly Board of Directors meetings which are held on the 2nd Wednesdays of the month. All approved proposals are completed within 2-3 weeks.

PET WASTE DISPOSAL & LEASH REMINDER

Please take your dog's droppings with you and place in your own trash or an Association trash can vs. depositing in other's yards or trash cans, or in the maintenance landscape area. Please ensure your dog is always on a leash, per City laws. Thank you!

COMMON AREA WROUGHT IRON

So Cal Coatings, Inc. has been contracted by the Marina Hills Planned Community Association Board of Directors to conduct repairs to the rear stucco walls/columns and wrought iron behind the homes.

So Cal Coatings, Inc., as well as, Management will send notices to you, prior to your home being completed. To expedite and allow So Cal Coatings, Inc. to efficiently conduct repairs to the back walls & fences, please remove and/or trim foliage **at least two (2) feet away** from the back walls & fences. Additionally, please remove any wire mesh that is attached to the wrought iron so the contractor may repair & paint without obstruction. Once the wrought iron repairs are complete, if an owner re-attaches any **unapproved** wire mesh to the Association-maintained fencing, the owner may be called to a hearing before the Board of Directors and fines may be assessed to your account.

Additionally, any Wire Mesh attached to the common area Wrought Iron fencing must be plastic coated attached with plastic zip ties. There are two (2) different samples in the clubhouse office that are approved by the Association. Both samples can be purchased at Home Depot or Lowe's, and the sku #'s are 222-958 and 223-088. You may stop by the Clubhouse to view these samples, and the Clubhouse is open Daily from 9am-5pm. Thank you for your cooperation!

LANDSCAPE PROGRESS REPORT FOR JULY

Maintenance Items:

- The slopes on Valle Vista, Celano, Salerno, Son Serra, Chantonay and Pallazo were trimmed and detailed.
- The common area slope behind Pilos were also trimmed and detailed as part of our Maintenance Rotation.
- The color at the Focal Corners and Recreation Center was replaced in July.
- The medium Island along Marina Hills Dr. was cleaned and detailed.
- All the sidewalks and walkways were cleaned.
- Extra work has been completed for the 1st week of August.

Tree Trimming:

- Villa Park Landscape is on a three 3-week schedule for work orders requesting tree trimming, and all requests are reviewed individually, not all trees are due to be trimmed. They trim trees only once per year and depending on the species, if tree trimming is requested more than once per year it will be an additional extra cost. Villa Park Landscape keeps track of the trimming requests and their completion dates. Work order numbers are assigned to each one of these requests by Management.
- Marina Hills “No Topping” Policy still in place.
- On Salerno; Pepper and Tristania trees were trimmed.
- On Valle Vista; Ficus, Melaleucas, and Tristania trees were trimmed.
- All of the Palm trees were cleaned as requested; all the hanging husks were removed in July.

Irrigation:

- The central system is working properly and communicating with all the satellite controllers on site and the system is online and working well with the new NSN app. System can be accessed from any location as long as internet is available.
- Our irrigation technician and crews checked and cleaned all the v-ditches and drains.
- One (1) irrigation valve was replaced by 2 Anacapri.
- Eight (8) irrigation controllers were inspected and cleaned this month.
- Four (4) mainlines were repaired at 2 Anacapri, 7 Anacapri, 1 Killini and by Tennis Court #1.

ARCHITECTURAL IMPROVEMENT PROCESS

All alterations, additions, or changes to the exterior structure or to the landscape of any lot, must be submitted for approval prior to ANY installation or commencement of construction or landscape work. If you are ready to paint your home, you will need to choose a paint color scheme from the pre-approved paint palette. You can view the color schemes in the paint binders in the onsite office or on the Association’s website at www.marinahills.org by clicking on Architectural Processes/Forms in the left hand column. Once received, the Architectural Committee has up to 45 days to approve or deny submitted plans. Once you receive approval from the committee, you may proceed with the work. Upon full completion of the project, a Notice of Completion form will need to be submitted to the Architectural Committee to ensure all improvements were done per plan. *If an owner fails to submit an application for exterior modifications, the Association may assess fines for violation of the Architectural Guidelines, and the exterior improvements may need to be brought back to their original condition, at the owner’s expense, until approval is obtained.*

TENANT REMINDER

If you are renting your property, please remind your tenants to be courteous of other residents in the community and to abide by the Association's Governing Documents. It is a good idea to give your tenants a hard copy of the Rules and Regulations. Remember, as an owner, you are ultimately responsible for your tenants and their actions.

PARKING REMINDER

Some homeowners have noticed that there are several vehicles parking on the streets within the community. These homeowners feel that not only is it unsightly, but it can be dangerous, as well, having vehicles parked on the street. Homeowners should be parking in their garage or on their driveway, instead of on the street. A vehicle is prohibited from parking or left standing upon any public street or highway in a residential district in the city. Any commercial vehicle, bus, motor truck, semi-trailer, or tractor trailer in excess of 80 inches (in width) or in excess of 25 feet (in length); or any item of farm machinery or special purpose machine is prohibited. A vehicle is prohibited from parking or stopping longer than 72 consecutive hours upon any highway or street. (Moved is defined as moving a minimum of 100 ft. or 1/10th of a mile).

PLEASE BE COURTEOUS ON STREET SWEEPING DAYS

As many residents are sheltering in due to COVID-19, there have been reports of an increase in cars on the streets during street sweeping. In order to keep the community safe and clean, please be sure to move your vehicles either into the driveway or the garage on your corresponding street sweeping day. Your cooperation is appreciated.

DON'T FEED THE ANIMALS!

Please refrain from feeding any wild animals any food, including peanuts. We want to keep any "unwanted" visitors out of our common areas, and private property, as this can create damage to our landscaping, and a safety hazard to our residents and children.
