	<p>DET593 Made of Steel Entry Door/Shutters (Option 2) RL#890</p>

NOTES TO HOMEOWNERS:

COLOR DISCLAIMER: These color chips are produced as accurately as possible; however, actual paint colors may vary from these samples and from batch to batch. Paint colors are affected by many factors, including lighting, age, type of finish, type of surface, and adjacent colors. Some colors may require more than one coat for complete coverage. If final color appearance and color matches are critical, paint should be sampled on the actual surface before full application. Application of the paint constitutes acceptance of the color. Dunn-Edwards assumes no responsibility for color after application.

	<p>DE6315 Black Pool Entry Door/Shutters (Option 2) RL#584</p>

NOTES TO HOMEOWNERS:

COLOR DISCLAIMER: These color chips are produced as accurately as possible; however, actual paint colors may vary from these samples and from batch to batch. Paint colors are affected by many factors, including lighting, age, type of finish, type of surface, and adjacent colors. Some colors may require more than one coat for complete coverage. If final color appearance and color matches are critical, paint should be sampled on the actual surface before full application. Application of the paint constitutes acceptance of the color. Dunn-Edwards assumes no responsibility for color after application.

	<p>DE6314 Dark Pewter Entry Door/Shutters (Option 2) RL#584</p>

NOTES TO HOMEOWNERS:

COLOR DISCLAIMER: These color chips are produced as accurately as possible; however, actual paint colors may vary from these samples and from batch to batch. Paint colors are affected by many factors, including lighting, age, type of finish, type of surface, and adjacent colors. Some colors may require more than one coat for complete coverage. If final color appearance and color matches are critical, paint should be sampled on the actual surface before full application. Application of the paint constitutes acceptance of the color. Dunn-Edwards assumes no responsibility for color after application.
